POULTRY SECTION

Last year was the only occasion since 1947 that it has been possible to show live poultry. Once again this year the existence of Fowl Pest and the resultant order prohibiting the movement of fowls reduces this section to eggs only, which is very disappointing to all concerned, especially after the extremely successful effort last year.

CAGE BIRD SECTION

Staged by the Dagenham Cage Bird Society and the Romford and District Cage Bird Society.

This is the second occasion on which Cage Birds have been seen in the Three Towns Show.

The colourful display of many varieties of Budgerigars and Canaries together with a number of our native British Finches and Foreign Birds of exotic beauty, shows what a pleasing addition they can make to any home or garden.

The Stewards and Officials will be pleased to offer any advice on all aspects of bird-keeping in cage or aviary.
