The Committee and Members of Dagenham & District Cage Bird Society would like to sincerely thank the International Ornithological Association (IOA) for their generous donation to this event.

The International Ornithological Association was formed in 1955 by the Roller canary fancy to enable them to contest their birds with their European neighbours. They went about this by first setting up an International body for their branch of the fancy, which they named "the Roller Canary Union", and then formed the Association to use as a vehicle from which they could stage International shows and also compete on the world stage. Under their control, in the first ten years they staged some seven International shows here in the UK.

Recognised by DEFRA as an approved ring supplier to the fancy, the association can supply rings to fanciers covering all species of birds – including British birds. Individual membership can be made through the appropriate office, Societies / Associations can seek affiliation through the office of the General Secretary, The Association is the joint member state belonging to the COM (Confederation Ornithologique Mondiale) and covers the whole of the United Kingdom.

If you're interested in becoming a member you can either print and complete their membership application which is available from their website or apply online at www.ioa-com-uk.org

MARK LOGAN MEMORIAL SHOW

Mark was a dedicated and popular member who was always there to offer advice to other members. He was a kind and generous man who always donated to the good causes of the Club. Sadly, Mark passed away this year and we would like to honour and remember Mark by naming this event after him.

Our thoughts and best wishes are with Sally and his family and he will be remembered fondly by us all.
